#### **NOTICE OF PRICING CHANGE**

Lebec County Water District Jessica Carroll PO Box 910 Lebec, CA 93243

Dear Jessica Carroll,

XiO is proud to deliver advanced monitoring, remote control, and optimization solutions to water and wastewater service providers. To maintain and expand our ongoing research and development, we are modifying our business model which includes changes to our SaaS (software as a service) pricing model and our support program. We've benchmarked the price performance of our SaaS based solutions and believe our new pricing is competitive with industry standards. XiO is committed to the future. The reliability and scalability of our robust cloud platform means we can deliver enhanced features and capabilities faster and without downtime.

As we transition our pricing model, we are launching our latest operations management solution - **ACUITY Hub**, together with our new **Customer Success** program which includes a range of technical support service levels to better align with the needs of our customers. For details visit <a href="https://www.xiowatersystems.com/legacy-upgrade">www.xiowatersystems.com/legacy-upgrade</a>.

#### **What This Means**

- Customers will receive a loyalty discount for migrating to the ACUITY Hub by July 31<sup>st</sup>, 2023.
- Customers will be required to sign annual contracts, with additional discounts for prepayment (5%). Quarterly billing remains available.
- Customers will be required to move to electronic payments.
- Customers will choose from a suggested technical support service level plan OR will pay for support on an as-used basis. Customers will have FREE 24/7 access to XiO's new online Knowledge Base.
- The current custom URL-based system will no longer be supported as of September 1<sup>st</sup>, 2023 and will no longer be accessible as of December 1<sup>st</sup>, 2023.

Please visit the webpage above to learn more. Our Customer Success team will be working to answer questions and provide additional information. We appreciate your confidence in XiO.

Sincerely,

**XiO Customer Success Team** 

Colin Bunyard
Vice President of Sales

John Noonan

**Customer Success Manager**

#### XIO CLOUD SOFTWARE SOLUTIONS

XiO's **Acuity Operations Management Platform** combines powerful cloud-computing with leading-edge IIOT technologies together in a suite of ready-to-deploy software solutions for critical infrastructure.

#### Monitor. Control. Optimize.

XiO offers multiple ways to get your data to the cloud where it can be fully utilized.

- Gain system-wide visibility via IIOT monitoring
- Implement asset management plans
- o Reduce non-revenue water
- o Track regulatory compliance
- Improve overall security, including cyber security

Powered by Amazon Web Services

#### A Robust Platform You Can Grow With

Built on Amazon Web Services (AWS) for maximum scalability and flexibility.

- Cloud-native architecture equals greatly enhanced cyber security
- No on-premises servers reduce/eliminate IT burdens
- All software updates delivered seamlessly via the cloud
- Capable of full system integration with legacy SCADA and edge device equipment monitoring

#### **Lower Cost of Ownership Than Traditional SCADA**

Solutions delivered through a flexible SaaS (Software as a Service) subscription model.

- Lower CAPEX costs up front
- Annual OPEX costs provide greater value compared to traditional SCADA
- o Operating efficiencies drive quick ROI

#### **Leaders in Industrial Control and IIOT**

XiO systems monitor and control hundreds of water, wastewater, and industrial operations.

- o Systems in continuous operation for over ten years
- Engineers and software designers experienced in complex process control

#### **How We Deliver Value To Our Customers**

XiO provides integrated solutions through our regional partners.

- Fully trained technical partners provide local support
- o US-based Technical Support services tailored to fit customer needs
- o Full range of available Professional Services

#### WHAT'S INCLUDED IN THE SOFTWARE SUBSCRIPTION?

The following standard features and capabilities are available through an annual SaaS subscription model.

#### Monitoring

 Monitoring and data logging from edge devices and via APIs

#### **Industrial Control**

- o Simple equipment control
- o Complex process control

#### Cloud-Based Human Machine Interface

- High performance (situational awareness) intuitive user interfaces
- Graphical system schematics and processes at-a-glance
- View digital and analog data simultaneously
- o Easily customizable

#### Historian

- Unlimited storage
- Complete system backup as well as the data - through multiple, redundant off-site servers

#### Alarming

 Customizable alarm groups make it easy to get the right alarms to the right people at the right time

#### Security

 Cloud architecture delivers native security advantages over onpremises servers  Single Sign On (SSO) and Multi-Factor Authentication (MFA) ensure users are authorized

#### Analytics/Graphing

- Visualize data to see trends
- Integrate data from multiple sources

#### Backups

 Automatic, continuous, and realtime complete system (not only historian data) backups

#### Reporting

 Pre-defined and custom reports to improve performance and meet operational and regulatory requirements

#### Connectivity

 Easily share data via OPC-UA, ODBC, web services, and other third-party reporting

#### Communications

- Service includes cellular airtime with no overages
- Services available through multiple carriers including AT&T, Verizon, and others
- Redundant communication paths cellular, radio, customer internet, satellite internet (additional costs)

#### **Greater Functionality At A Lower Cost Than Traditional SCADA**

- No on-premises servers = reduced IT management burden
- No software programming = no expensive consultants or time-consuming updates
- No licenses = pricing based on assets and applications, pay for what you use
- Easily expandable = modular system doesn't require software programming
- Control Narrative Transparency = no need for expensive SCADA experts

#### TECHNICAL SUPPORT SERVICE LEVEL PLANS

XiO's Technical Support Service Level Plans are designed to assist customers in achieving the maximum value from their XiO software investment. Whether planning a new installation, running stable operations with no change, or planning an upgrade to an existing installation, XiO's portfolio of technical support and professional services help you get up-and-running quickly, lowering risks and ensuring smooth operations. XiO's US-based technical support staff are experienced professionals.

XIO offers two technical support service plans to choose from, Basic Level and Premium Level.

Basic Level purchases technical support on an as-used hourly basis.

**Premium Level** purchases technical support through a prepaid group of points according to anticipated support needs and system complexity. Points are redeemable for hours and are offered in the following bundles: 15, 50, 100, and 200 points.

15 points = small, simple system without control. (assumes 1 call per month).

**50 points** = medium system with advanced control and higher risk. (assumes 2 calls per month including off hour calls).

**100 points** = large sophisticated system with advanced control and higher risk. (assumes 4 calls per month, including off hour calls, and engineering).

**200 points** = large sophisticated system with high risk. (assumes multiple calls per week, including off hour support and more complex engineering requirements).

#### **Technical Support Service Levels**

	Basic Level (No up-front cost)	Premium Level (Annual plans/point bundles)
Description (Ideally suited for)	Small, simple system without control. Pay on a per-use basis. No discount.	15 points - small system 50 points - medium system 100 points - large system 200 points - large, complex system
Price	hourly rate (\$250 per hour)	15 points - \$ 3,000 50 points - \$ 8,750 100 points - \$15,000 200 points - \$24,000

#### Redeeming Points for Premium Level (How Many Hours Per Point?)

Points will be deducted from the annual balance as services are provided based on the number of hours and type of service.

Service Category	Description/Example	Points
Standard Business Hour Phone Support	8am-5pm PST, M-F (no holidays, and weekends)	1x (1 hour = 1 point)
Emergency/After Business Hour Phone Support	24 hours, 7 days a week, 365 days a year (including holidays and weekends)	1.5x (1 hour = 1.5 points)
Engineering Support		2x (1 hour = 2 points)

#### **Technical Support Plan Details**

All XiO customers, regardless of support plan, receive free online resources including access to the online Knowledge Base, eLearning webinars, cloud application accessibility support, and issue ticketing email system. XiO's US-based technical support staff are experienced professionals.

Description	Basic Level	Premium Level
Online Knowledge Base	Free	Free
eLearning Webinars	Free	Free
Accessibility Support Cloud Application (password/log in questions)	Free	Free
Technical Support by Phone Standard Business Hours (8am-5pm PST, M-F, no holidays, and weekends)	Hourly rate	Points required* (1X)
Technical Support by Phone Emergency/After Business Hours (24 hours, 7 days a week, 365 days a year including holidays and weekends)	Hourly rate	Points required* (1.5X)
Engineering Support	Hourly rate	Points required* (2X)

Response time for Critical and High Priority Issues shall be 4 business hours, 8 business hours for Medium Priority, and within 1 business day for Low Priority Issues.

### **PROFESSIONAL SERVICES (OPTIONAL)**

XiO offers a variety of optional **Professional Services** designed for end-users to gain the maximum benefit from their investment.

All services are customized. Pricing available upon request.

Services	Description
User Interface (UI) Design	Develop custom interfaces (beyond standard)
Cloud HMI Development	Develop custom HMI (beyond standard)
Application Engineering	Custom application and process engineering design
System Engineering	Mechanical and process engineering design
Installation Support	System start-up
Training	Custom staff training
Custom Documentation	Custom O&M manuals and submittals
Acceptance Testing	Site Acceptance Test (SAT) and Factory Acceptance Test (FAT)
Data Integration	Assist customers in configuring the XiO services required to collect and store data from edge devices and APIs
Historical Data Migration	Migrate historical data into the XiO historian storage
System Performance Consulting	Evaluate the operation of a system or facility and create a plan to improve performance
System Health Evaluation	Annual system check-up including UI review, equipment tests, calibration and final report
Cyber Assessment	Review system security, report concerns, and suggest improvements
Capital Improvement Plan	Assist in developing plans to upgrade aging SCADA systems
