SP1 Surge Protective Device

Product Description

Eaton's SP1 is a UL 1449 3rd Edition-listed surge protective device that provides reliable, cost-effective surge protection. This Type 1 SPD is capable of being installed on either the line or the load side of the service entrance disconnect, and can be used as a replacement for devices formerly known as secondary surge arresters or lightning arresters, which could not be manufactured after UL 1449 3rd Edition went into effect on September 29, 2009. The unit is available in many common voltages and configurations. Multiple mounting options coupled with a compact footprint enables installation of the SP1 in a wide range of applications, including panelboards, loadcenters, pump panels, control cabinets, and other electrical assemblies and applications.

Installation and operation of the SP1 is simple. The unit comes pre-wired with 24.00 inches of 10-gauge wire and is mounted via the half-inch nipple that is molded into its enclosure. Wall or DIN rail mounting can also be accomplished with the addition of an optional kit. When powered, the unit's light-emitting diode (LED) indicator reports the status of the protection elements and is active when all of them are intact and providing protection. Any loss of protection is signaled when the LED extinguishes.

Features

- Type 1 SPD capable of installation on either the line or the load side of the service entrance disconnect
- 20 kA nominal discharge current rating (I_n) on most models
- 50 kA per phase surge current capacity
- Compact footprint—
 4.80-inch L x 2.90-inch W x 2.50-inch D
- Pre-wired with 24.00 inches of 10-gauge wire
- Half-inch nipple molded into enclosure enables quick and easy mounting
- Optional kit enables wall or DIN rail mounting
- Two-year warranty

Notes

- Replacement Main Disconnects: For replacement main disconnect see pages 42-43.
- Hubs: OH units use hub up to 2-1/2" (see accessory page). Units provided with closing plates.
- Sealing Rings: Units furnished with MR-2 snap style sealing rings.
- * For 3W (208Y/120) network service, install field mounted fifth terminal catalog number 105J. See accessories page.

These UL listed products are for use in areas requiring Electrical Utility Service Equipment Requirements Committee (EUSERC) compliance.

Please consult serving utility for their requirements prior to ordering or installing, as specifications and approvals vary by utility, and may require local electrical inspector approval. All installations must be installed by a licensed electrician and must comply with all national and local codes, laws and regulations. Milbank reserves the right to make changes in specifications and features shown without notice or obligation.

Audit Services

lebecwater@att..../Inbox

Aug 20 at 2:55 PM

Hi Jessica – I hope this email finds you well and enjoying what's left of your summer. It is with deep regret that I am needing to send this email to let you know that due to various scheduling conflicts, we will not be able to do the 6/30/19 audit for Lebec this year. I would like to recommend Brown Armstrong for your audit. They do a great number of municipalities and special districts, and I think they would be a great fit for you guys. Their number is (661) 324-4971.

l also wanted to let you know that we are happy to assist with any bookkeeping questions or assistance that you may need. Our bookkeeper, Julie Brister does a great job working on site or remotely with many of our clients. If you need anything, please feel free to reach out to Charles or Julie. Julie's number is (661) 332-1449.

As always - please feel free to call me with any questions or concerns.

Best Regards -

Jennifer

Other legislative bases for closed session

Since any closed session meeting of a legislative body must be authorized by the Legislature, it is important to carefully review the Brown Act to determine if there is a provision that authorizes a closed session for a particular subject matter. There are some less frequently encountered topics that are authorized to be discussed by a legislative body in closed session under the Brown Act, including: a response to a confidential final draft audit report from the Bureau of State Audits, 57 consideration of the purchase or sale of particular pension fund investments by a legislative body of a local agency that invests pension funds, 58 hearing a charge or complaint from a member enrolled in a health plan by a legislative body of a local agency that provides Medi-Cal services, 59 discussions by a county board of supervisors that governs a health plan licensed pursuant to the Knox-Keene Health Care Services Plan Act related to trade secrets or contract negotiations

concerning rates of payment, 60 and discussions by an insurance pooling joint powers agency related to a claim filed against, or liability of, the agency or a member of the agency.61

PRACTICE TIP: Meetings are wither open or closed. There is nothing "in between." 62

Who may attend closed sessions

Meetings of a legislative body are either fully open or fully closed; there is nothing in between. Therefore, local agency officials and employees must pay particular attention to the authorized attendees for the particular type of closed session. As summarized above, the authorized attendees may differ based on the topic of the closed session. Closed sessions may involve only the members of the legislative body and only agency counsel, management and support staff, and consultants necessary for consideration of the matter that is the subject of closed session, with very limited exceptions for adversaries or witnesses with official roles in particular types of hearings (e.g., personnel disciplinary hearings and license hearings). In any case, individuals who do not have an official role in the closed session subject matters must be excluded from closed sessions.

- Q. May the lawyer for someone suing the agency attend a closed session in order to explain to the legislative body why it should accept a settlement offer?
- A. No, attendance in closed sessions is reserved exclusively for the agency's advisors.

The confidentiality of closed session discussions

The Brown Act explicitly prohibits the unauthorized disclosure of confidential information acquired in a closed session by any person present, and offers various remedies to address breaches of confidentiality.⁶⁴ It is incumbent upon all those attending lawful closed sessions to protect the confidentiality of those discussions. One court has held that members of a legislative body cannot be compelled to divulge the content of closed session discussions through the discovery process.⁶⁵ Only the legislative body acting as a body may agree to divulge confidential closed session information; regarding attorney/client privileged communications, the entire body is the holder of the privilege and only the entire body can decide to waive the privilege.⁶⁶

Covered 9-10-19

Before adoption of the Brown Act provision specifically prohibiting disclosure of closed session communications, agency attorneys and the Attorney General long opined that officials have a fiduciary duty to protect the confidentiality of closed session discussions. The Attorney General issued an opinion that it is "improper" for officials to disclose information received during a closed session regarding pending litigation, ⁶⁷ though the Attorney General has also concluded that a local agency is preempted from adopting an ordinance criminalizing public disclosure of closed session discussions. ⁶⁸ In any event, in 2002, the Brown Act was amended to prescribe particular remedies for breaches of confidentiality. These remedies include injunctive relief; and, if the breach is a willful disclosure of confidential information, the remedies include disciplinary action against an employee, and referral of a member of the legislative body to the grand jury. ⁶⁹

The duty of maintaining confidentiality, of course, must give way to the responsibility to disclose improper matters or discussions that may come up in closed sessions. In recognition of this public policy, under the Brown Act, a local agency may not penalize a disclosure of information learned during a closed session if the disclosure: 1) is made in confidence to the district attorney or the grand jury due to a perceived violation of law; 2) is an expression of opinion concerning the propriety or legality of actions taken in closed session, including disclosure of the nature and extent of the illegal action; or 3) is information that is not confidential.⁷⁰

The interplay between these possible sanctions and an official's first amendment rights is complex and beyond the scope of this guide. Suffice it to say that this is a matter of great sensitivity and controversy.

"I want the press to know that I voted in closed session against filing the eminent domain action," said Council Member Chang.

"Don't settle too soon," reveals Council Member Watson to the property owner, over coffee. "The city's offer coming your way is not our bottom line."

The first comment to the press may be appropriate if it is a part of an action taken by the City Council in closed session that must be reported publicly. The second comment to the property owner is not — disclosure of confidential information acquired in closed session is expressly prohibited and harmful to the agency.

PRACTICE TIP: There is a strong interest in protecting the confidentiality of proper and lawful closed sessions.

Monthly Distribution Report

System Information: July

- 1) All monthly bacteriological sampling returned as absent
- 2) There was leak on the corner of Lebec Rd. and South Drive Tee used for Hydrant was leaking.
- 3) Contractors installed 2 gate valves at Tee this is so we can isolate the area in the future.
- 4) Line was leaking at the bell coupling on Lebec Rd. and North Drive has been fixed using bandaid.
- 5) Chevy truck is has been sent in to be inspected.
- 6) State zone well pump stopped working upon inspection the pump was found to be seized up.
- 7) Chimney canyon zone worked 24/7 during state well down time to compensate for usage.

All other systems are functioning as they should, Thank You!

Emergency Repair Lebec Rd/South Dr.

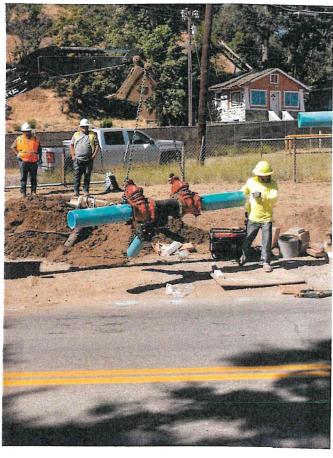

replace "T" section and install 2 I solation Values. 8" C900

Emergency Repair August 2019 Leber Rd / North Drive

repair Notes - USED a 8.6 x 12.5 clamp.

Technical, Managerial, and Financial Training Workshop Series for Water Systems Serving Disadvantaged Communities

Self-Help Enterprises (SHE), with funding from the State Water Resources Control Board, will be hosting a series of workshops focused on building the technical, managerial and financial capacity of small water systems. Workshop topics will include: board and water system basics, accounting and financial management, requirements for small public water systems, and more!

Introduction to Accounting Basics and Software

This quarter's workshop will include the following topics:

- **Accounting Basics**
 - Accounting terms and definitions
- **Accounting Software**
 - Generating and reading reports
- **Technical Support**
 - SHE support services

Workshop Date and Location:

Bakersfield-September 19, 2019 6:00-7:30 p.m.

Stan Keasling Community Center 601 Douglas St. Bakersfield, CA 93308

More workshop topics and dates will be announced soon!

Community board members and staff are encouraged to attend. RSVP at http://bit.ly/TMFAccounting or by filling out the information below and emailing it to

EvaD@SelfHelpEnterprises.org:
