### System Information:

- 1. There were two water leaks reported for the month of July 2016. First leak occurred on the 12<sup>th</sup> of July at the corner of Circle Dr and Canyon Drive, Santana's Pluming was contracted to perform the repair. Two 8" compression coupling and one 4' section of c-900 pipe was used to repair the Lebec mainline. Attached is copy of the invoice for work performed.
- 2. Lebec experienced its second water leak on Monday the 25<sup>th</sup> of July, just east of the Jehovah Witness church located on Lebec Rd, Santana's Plumbing was contracted once again to perform the repair. A band aid was used to repair the 6" main line of the lebec zone line. Attached is copy of the invoice for the work performed.
- 3. All bacteriological samples returned an absence for coliform bacteria for the month of July 2016.
- 4. The operators thank the Lebec County Water District's Board of Director's for purchase of the 3/4" rock it is being spread out on the two well heads.
- 5. I have attached a proposal from our electrician we usually use on our wells, and booster pumps. Terry from Power-Tech has submitted a cost, and labor estimate for the required hook-ups for the generator, and all the three boosters "Phillips, Mesa Valley, and Ridge Route". Keep in mind the proposal for the booster is times three \$ 3340.00 x 3 plus the cost of the generator hook up. (this is carried on from the month of May, in case the board has any unanswered questions regarding this proposal)
- 6. In the month of June, the Philips booster motor failed, a used replacement was purchased from Rafael Molina Sr. Jeff Bryan, and Terry from Power Tech performed the work for this repair. This unit carries no warranty. **Attached is the invoice**.
- 7. Attached is a proposal for work to be performed at our Chimney Canyon well. The electrical panel has been wired several times over, and has been left in a state of disarray. The wire feeding well pump motor from the electrical panel to the junction box at the well, is under sized and is heating up. Attached is an estimate to clean up the electrical panel, and replace the undersized wire as mentioned.
- **8.** As mentioned in previous meetings, attached is a description of deficiency list provided by the State Water Resources Control Board. I have highlighted the items orange that need to be addressed asap.
- 9. Tank ladder pics are attached as requested by the board last meeting.

All other systems are running normally. Thank You.

# Breakouts for Returning Attendees

#### A Deep Dive into the Public Records Act

Burke Williams Sorensen This breakout session will include an in-depth discussion of the California Public Records Act (CPRA). We will walk through the process of handling records requests from beginning to end, discussing both the legal requirements and practical considerations. We will also discuss some of the most common exemptions from disclosure and CPRA litigation.

👠 Board Secretaries: **Wasters of Prioritization** CPS HR Consulting Learn how to manage multiple priorities and look good doing it. Today's workplace is full of competing deadlines, conflicting objectives, limited resources, and a superior who wants everything done perfectly, sterday. In this session we'll explore ome strategies for managing multiple. priorities to ensure you remain productive and positive in attaining

your personal and professional goals.

#### 🦜 District Documentation – What to Look For

Liebert Cassidy Whitmore "If it's not written down, it didn't happen." This common mantra describes the difficulty of proving an event occurred if there is no contemporaneous documentation. This session will explain how to effectively create a host of documents ranging from discipline documents to performance evaluations to disability interactive process letters and other writings. Effective documentation goes beyond simply recording the required information. We will show you how to create effective exhibits in the event your agency is sued or a discipline is appealed. Using fun examples, the presenters will explain what should and should not be-in various types of documents in order to effectively 'amonstrate that your district acted .propriately.

📞 Does Your Employee Handbook Violate the Law? Atkinson, Andelson, Loya, Ruud & Romo

A staple in the workplace, the "employee handbook," sets the parameters of acceptable employee behavior, and is often used in determining the application of disciplinary actions and the resolution of employee disputes. We will review the provisions that should be added to your handbook and those sections that require updating, along with the pitfalls to avoid when drafting a handbook.

#### Human Resources for Board Secretaries and Clerks Liebert Cassidy Whitmore

This is a human resources 101 workshop that will provide a general overview of relevant HR issues that face special districts. We will cover an array of important topics including: hiring and recruitment, negotiations with employee bargaining units, personnel files, overtime, leaves and absenteeism, and retirement issues.

#### Keeping Up with the Brown Act

Liebert Cassidy Whitmore

Board secretaries/clerks must know how to comply with the complex set of laws found in the Brown Act, which governs how boards must meet in public. In this session, we will go over common mistakes made with the Brown Act, including the intricacies involved with closed sessions, administrative decisions, and litigation and settlements, while providing tips along the way. This workshop will also explain the new amendments to the Brown Act addressing transparency, which can pose a challenge for California special districts.

#### 🦜 Let's Get Digital - Electronic Document Management Laserfiche

How much are your documents costing you? It might be more than you think—special districts are documentdriven organizations, and inefficient document management takes a toll on your time and resources. However, by establishing a solid foundation for document management, you're better able to provide excellent customer service and smooth operations. Many special districts are finding efficiency by going digital with their documents and processes. In this

session, we'll look at how special districts are:
