

**Lebec County Water District**  
(System No. 1510051)

**CANCELLATION OF BOIL WATER NOTICE**

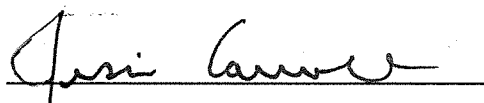

On April 3, 2019, the customers of Lebec County Water District located along Frazier Park Road and Lebec Road were notified of the need to boil/disinfect all tap water used for drinking and cooking purposes. After completing repairs (replacement of a leaking ball valve) on April 3, 2019, five bacteriological samples were collected from the affected area, and all five samples tested negative for total coliform bacteria.

The Lebec County Water District Water System in conjunction with the State Water Resources Control Board, Division of Drinking Water, has determined that, through abatement of the health hazard and comprehensive testing of the water, your water is safe to drink. **It is no longer necessary to boil your tap water or for you to consume bottled water.**
